BACK TO THE BASICS

The idea of Shoerella originated when we found out that there is no solution in the market for protecting shoes and socks from snow and rain worldwide. It is needed by bikers, trekkers, corporate employees, traffic police, security guards, hawk forces, and nearly every person wearing a shoe. Thus, we developed and patented the best shoe-covers in the world to tackle this global problem.

WHAT WE DO

'FromTheOriginals' are the manufacturers, suppliers and e-tailers of 150+ products under the brand SHOERELLA®

OUR HIST ORY

"From The Originals" came into existence from the very first idea of innovating products that are original, unique or non-existing. SHOERELLA® became the first chapter of our entrepreneurial journey.

We started in mid-2017 and are now moving forward to expand globally.

OUR BRANDS

SHOERELLA®

First ever innovative over Shoe covers globally, designed from scratch according to various shoe types (sports shoes, sneakers, biker boots, trekking boots etc.) and shoe size.

Design patent has been filed for the odd 110+ shoe covers which cover 95% of the shoes worldwide.
